

Call for papers

The organizing committee of the 2024 9th International Conference on Energy Efficiency and Agricultural Engineering (EE&AE 2024) kindly invites you to submit a paper via the conference management system: <https://cmt3.research.microsoft.com/EEAE2024>.

The authors can participate in at most three papers. Each paper will be reviewed by at least two reviewers.

Scope of the conference

The first EE&AE conference was held back in 2002. The development of the information and communication technologies enforces the need to solve new problems. Therefore, the main aim of the conference is to provide a platform for discussion and exchange of ideas for academics, scientists, engineers, PhD students and businessmen in the fields of energy and agriculture.

Topics

Energy topics:

- A. Energy Efficiency and Power Quality;
- B. Renewable Energy and Energy Storage;
- C. Smart Grid and Micro Grid;
- D. Power Systems;
- E. Control Systems, Automation and Robotics;
- F. Nearly Zero Energy Buildings;
- G. Electric Vehicles.

Agriculture topics:

- H. Precision Agriculture and Global Food Security;
- I. Sensors, IoT and Wireless Sensor Networks;
- J. Remote Sensing;
- K. Environmental Management Systems.

Other topics, related to Energy and Agriculture:

- L. Modeling and Simulation;
- M. Information and Communication Technologies;
- N. Big Data and Machine Learning;
- O. Decision Support Systems;
- P. Entrepreneurship;
- Q. Standardization, Metrology and Quality;
- R. Global Challenges in Education.

IEEE Conference

IEEE holds the copyrights of the conference proceedings. Papers meeting the quality criteria will be indexed in the IEEE Xplore Digital Library and Scopus. IEEE reserves the right to exclude papers from the conference proceedings if not presented by an author.
