

Call for papers

The organizing committee of the 2025 10th International Conference on Energy Efficiency and Agricultural Engineering (EE&AE 2025) kindly invites you to submit a paper via the conference management system: <https://cmt3.research.microsoft.com/EEAE2025>. The submission length should be 4-6 pages. Each paper will be reviewed by at least two reviewers.

Scope of the conference

The first EE&AE conference was held back in 2002. The development of the information and communication technologies enforces the need to solve new problems. Therefore, the main aim of the conference is to provide a platform for discussion and exchange of ideas for academics, scientists, engineers, PhD students and businessmen in the fields of energy and agriculture.

Topics

Energy topics:

- A. Energy Efficiency and Power Quality;
- B. Renewable Energy and Energy Storage;
- C. Smart Grid and Micro Grid;
- D. Power Systems;
- E. Circuits and Systems;
- F. Control Systems, Automation and Robotics;
- G. Nearly Zero Energy Buildings;
- H. Electric Vehicles.

Precision Agriculture and Food Security:

- I. Sensors, IoT and Wireless Sensor Networks;
- J. Remote Sensing;
- K. Smart Irrigation;
- L. Agricultural Robotics;
- M. Sustainable Farming;
- N. Environmental Management Systems;
- O. Farm Management Systems;
- P. Food Safety Management Systems.

Other topics, related to Energy and Agriculture:

- Q. Modeling and Simulation;
- R. Information and Communication Technologies;
- S. Big Data and Machine Learning;
- T. Decision Support Systems;
- U. Entrepreneurship;
- V. Standardization, Metrology and Quality;
- W. Global Challenges in Education.
